Dear Jim and Mary,

Yesterday, our class visited the Fleet Arm Museum outside London near Yeovilton. We saw over 40 historic planes there and we heard a lot about the history of planes and the Wright brothers, the first fliers. We also saw modern aeroplanes and then we flew on a helicopter in a simulator! It was exciting! We learnt about the four forces of flight, too.

Open the attached files:
 These are the worksheets we worked on in the museum.
 Do you want to try them, too?

Kisses
 Joan and Joe

Schedule "Send & Receive All" will run in 4 minutes

B. Attached File: (Worksheet 1)

Here is the story of the Wright Brothers.
Read the sentences on the right and put
them in the right place in the text:

- a. They made kites.
- b. It was a toy helicopter.
- c. They opened a bicycle shop.

The Wright Brothers

Wilbur and Orville Wright invented the first aeroplane in the United States of America in 1903. The Wright brothers thought of the flight when one day their father returned from a trip and surprised the boys with a small toy. (1) The boys admired the toy very much and they said that they wanted to fly. While the boys were growing up, they were always repairing and fixing things. (2) and sold them to classmates. Later, (3) and repaired bicycles. They used the money from the bicycle shop for their first flight experiments. The historic flight lasted for just 12 seconds and covered about 120 feet. This changed the world forever.

Can you label the missing parts of the aeroplane?

2. Grammar

Do you remember?

A. TALKING ABOUT THE PAST TIME

1. Complete the sentences in the Grammar Boxes:

Grammar Box 1

Past Simple

The Wright Brothers **invented** the first plane in 1903.

While the boys **were growing** up,
they **were** always **repairing**

- We use the **Past Simple / Continuous Tense** for a series of actions that took place at a certain time in the past.

3. Practice

A. ROLE PLAY: TALKING ABOUT ICARUS

Student A

You are talking to your friend

Jim. You read Icarus' story in your history book and now you are telling it to your friend who needs to find information about Icarus and his accident for a project at school. Answer your friend's questions, using Past Simple and Continuous.

Student B

You are Jim from London. You need to learn about Icarus and his accident for a project at school. Ask about the flight, the fall and how it all started. Use question words: how, when, what, who, etc., with verbs in Past Simple and Continuous.

B. Jim is telling you the story of the Wright Brothers. He doesn't remember it well and makes a few mistakes. Correct him.

Example:

a. The Wright brothers invented the first plane in France in 1903.

No, they didn't invent it in France. They invented it in the USA.

b. Their father gave them a flying carpet.

No, he didn't...

C. MEDIATION

Jim and Mary are working on a school project and want to find information about Julius Verne and his books. Look at the book summary on the cover of one of his books you found at the school library. Write an e-mail to Jim and Mary telling them about the book and the story.

ΑΠΟ ΤΗ ΓΗ ΣΤΗ ΣΕΛΗΝΗ
 Υπάρχει ζωή στη Σελήνη; Κατοικούν εκεί άνθρωποι; Μπορούμε να επικοινωνήσουμε μαζί τους; Μπορούμε να ζήσουμε εκεί; Για χρόνια, οι επιστήμονες ζητούσαν απαντήσεις στα καίρια αυτά ερωτήματα χωρίς να μπορούν να δώσουν μια θετική απάντηση. Ο Ιούλιος Βερν, με την ασύλληπτη φαντασία του, δίνει τη δική του απάντηση στέλνοντας τρεις τολμηρούς εξερευνητές να γνωρίσουν από κοντά τον δορυφόρο της Γης. Αλλά πώς θα ταξιδέψουν στη Σελήνη; Ο προφητικός αυτός συγγραφέας έχει τη λύση: μια οβίδα που μοιάζει πολύ με τα σημερινά διαστημόπλοια, εκτοξεύεται από ένα τεράστιο κανόνι. Θα φτάσουν άραγε οι εξερευνητές μας στον προορισμό τους; Ποια θα είναι η μοίρα τους σε ένα εγχείρημα που διαδραματίζεται εκατό χρόνια πριν από την προσελήνωση του σύγχρονου ανθρώπου;

Lesson 2 An air pocket

1. Listening / Speaking

Before you listen, discuss the following questions:

1. Is travelling by aeroplane safe?
2. What problems do pilots face while they are flying? Name some.

- A.** Jim, Mary and their father are travelling on an aeroplane. Listen to their dialogue. What was the in-flight problem discussed? Where was the plane travelling to?

Problem _____

Flight _____

B. Listen again and complete the sentences:

1. While the plane was flying above the ocean, it _____ a dive.
2. The airhostess _____ coffee and the passenger next to Jim's father _____
3. Jim's father _____ a magazine.
4. Jim's father _____ his prayers when he heard the captain's voice.

C. The next day Jim went to the school library to find more information about planes and how they fly. Here are some pictures he found:

PICTURE A

Can you help Jim match the four forces with the correct direction?

- | | |
|---------------------------------|-------------------|
| Drag pushes the plane | forward |
| Lift pulls the plane | down and backward |
| Thrust pushes the plane | downward |
| Gravity pushes the plane | upward |

The four forces of flight

PICTURE B

Look at the pictures of the planes below, read the information and write **T** (true) or **F** (false) next to statements 1-4:

These planes carry passengers and cargo. Their speed is just below the speed of sound (350-750 MPH). Their engine is very powerful and they can travel very quickly with many people and goods.

TYPES OF PLANES

760 MPH is the speed of sound. These planes can fly up to five times the speed of sound (760 - 3500 MPH). They have a special engine and they are designed with lightweight materials. Do you know why? To have less drag.

Most of the early planes can fly at 100-350 MPH. Examples of this kind of planes are the two- and four-seater passenger planes and seaplanes that can land on water.

Rockets fly at speeds 5 to 10 times the speed of sound (3500 - 7000 MPH) as they orbit. They have a very powerful engine in order to travel at this speed.

1.	The Boeing travels very fast.	T
2.	Rockets fly 4 times the speed of sound.	
3.	The seaplane can land on water.	
4.	The Concorde travels below the speed of sound.	

2. Grammar

A. TALKING ABOUT THE PAST TIME

1. Complete the sentence in the Grammar Box:

Grammar Box

Past Continuous - Past Simple

I **was flying** over the ocean **when** the plane **took** a dive.

While I _____ my prayers, I _____ the captain's calm voice.

...the plane took a dive

2. Now complete the rule with **a** or **b**:

a. a past event

b. a longer activity that sets the scene in the past

When the **Past Continuous** and the **Past Simple** appear in the same sentence **the Past Continuous** describes _____ and **the Simple Past** describes _____

B. USING LINKING WORDS

(**at**) **first**, **then**, **after that**, **when**, **while**, **as**, **later**, **finally**, (**at**) **last**

1. Study the examples in the Grammar Box to see how to use linking words:

Grammar Box

Linking words

As the Wright brothers were growing up, they were repairing and fixing things.

First, they made kites and sold them to classmates.

Then, they opened a bicycle shop and repaired bicycles.
